## Online Appointment Scheduling

---

**Over 100 Appointments Booked Daily:** we have grown to managing 35+ custom calendar locations for design centers nation-wide.

### Ease of Use:

- Simple & Intuitive dashboard
- Defined & managed by the design center to ensure seamless access for the Builder Sales Team
- Sales team schedules appointment, reduces back & forth chasing homebuyer
- Changes by the design center and homebuyer are managed easily within the Admin Calendar

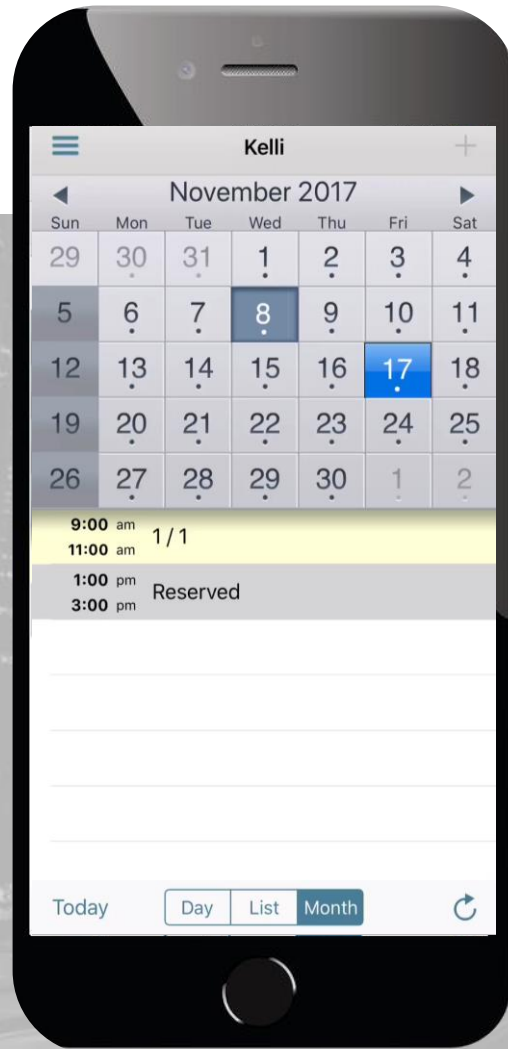

### Packed with Features:

- Automatic Custom Email & Text Message Reminders
- Over 500 preference settings to accommodate multiple scheduling scenarios
- Seamless Integrations with Outlook & Google Calendar

# Mobile App

View Design Center Calendar & Appointment Details On the Go

## Access Calendar Anywhere

View your scheduled appointments, create new appointments, make edits, add additional notes and cancel existing appointments from anywhere.

Automatic email notifications will be sent to the Designer & Homebuyer when changes are made within the App.
